GCubed Ranks #29 on Vet100 List

Stafford, Virginia – GCubed has been named to the annual Vet100 list—a compilation of the nation’s fastest-growing veteran-owned businesses. The ranking, created in partnership with Inc. Magazine and Syracuse University's Institute for Veterans and Military Families (IVMF), was born out of the iconic Inc. 5000 list of the fastest-growing private companies based in the U.S. Both distinctions are considered hallmarks of entrepreneurial success.

Originally established as the Vet50 list, this year’s list expanded to include 100 veteran-owned businesses in acknowledgement of the growing culture and success of veteran entrepreneurs.

GCubed Founder & CEO Vernon Green Jr., a retired U.S. Army Chief Warrant Officer, says, “At GCubed, we honor our veterans. We continue to build an environment and culture where veterans can confidently apply for opportunities, seek entrepreneur mentorship, and ultimately, successfully transition from the military to a civilian career. After the sacrifices veterans have made protecting our country, providing an opportunity is the least we can do.”

The Vet100 list will be announced on Saturday, March 7, 2020 in Dallas, TX, at the Vet100 Awards dinner during IVMF’s Veteran EDGE national conference (March 5 – 8, 2020). EDGE is the first-of-its-kind coalition of large companies supporting the success of veteran-owned businesses, connecting them with entrepreneurial education, training, resources, and networking opportunities.
